

Dune Buggy Race /u-e/

Included - 2 card holders

Directions

Print out 1 gameboard, the word cards and the obstacle/dune buggy cards. Laminate, if desired, before cutting. Cut out word cards, obstacle cards and the dune buggies. Fold the dune buggies and place them into the card holders.

Game Play

Each player receives a dune buggy game token to be placed at the start. Word cards get placed at the side of the gameboard and the obstacle cards get put on the gameboard on top of the corresponding graphics.

Player one goes first and draws a word card. After successfully reading the /u-e/ word he moves his game token the number of spaces indicated. He can go any direction he chooses. Players have to pass by each one of the obstacles and collect the picture card. Note - A player does not have to land on the obstacle, he has only to pass over it. The goal of the game is to collect a picture card from each obstacle and get to the finish before the other player. The player to finish first is the winner.

Have Fun !
