

# Monster Munch vc/ccv

## Directions

Print out both of the monsters, the munchies, the word cards and the worksheet. Laminate, if desired, before cutting (except the worksheet). Cut out word cards and place on the table. As well cut out the mouth slits on both monster boards. Cut out the munchies .. I cut mine out leaving a narrow white border around each munchie. Finally, cut the worksheet in two... one half for each player.

## Game Play

Each player receives a monster board and a worksheet to record and mark the division of his vc/ccv words . The munchies get placed on the table along with the word cards. Player one goes first and draws a word card. After successfully reading the vc/ccv word he then writes and divides his word on the worksheet. Lastly he chooses the number of munchies indicated on his word card and slides them into his monsters mouth. The turns alternate. The game is over when all of the munchies have been taken. The winner is the player who has the most munchies behind his monster.

Have fun!
